

# Muscle Support

## Muscle Support

Reduces oxydative stress  
With Vitamin E & selenium

# Muscle Support

*SpecialCare Muscle Support is a feed supplement for horses currently in training. Muscles can acidify during physical exertion due to a build-up of muscle waste substances (such as lactic acid). The natural antioxidants and vitamin E help to neutralise an*

## HOW TO USE

To be distributed at a rate of 20 grams per 100 kg of body weight per day. Ideally to be given along with the feed.

## INDICATIVE NUTRITIONAL VALUES

<b>UFC/kg</b>	<b>0.9</b>
<b>DE horse (MJ/kg)</b>	<b>11.4</b>
