Sport plus Cube

EQUIFIRST
feeding your dream

Sport plus Cube is a pellet especially developed for horses intended for competition. This energy-rich food with omega-3 and 6 fatty acids contains additional Vitamin E as well as organically-bonded selenium and magnesium to benefit the muscles. The added

This flaked mix contains top quality ingredients:

Electrolytes

Electrolytes ensure that any deficiencies that may have arisen in important minerals, resulting from acute sweating, are quickly alleviated.

Antioxydants

Vitamin E and organic selenium support muscle recovery after an effort.

Probiotics

The added probiotic has a selective effect on the intestinal flora and will consequently help to maintain the natural balance of the intestinal flora.

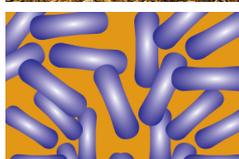

Organic selenium

Organic selenium is part of the antioxidant family and is in a form that is easily assimilated by the body.

Whole grains

Blend of black and white oats, corn, barley and wheat. These grains contain a substantial amount of starch and provide a lot of energy.

Yeast

Yeast ensures optimal efficiency of the total feed: it contributes to the digestion of crude cellulose, the absorption of minerals and the production of B Vitamins.

INDICATIVE NUTRITIONAL VALUES

UFC/kg	0.9
DE horse (MJ/kg)	10.5
DCP horse	9
